BEC has to be a signatory to the Agreement.

Jim,

One last point of clarification while you are reviewing. I apologize for sending another draft, these just ones remove AQMD and BEC from the signature pages, simplifying the agreement as to be between your clients and the Devores. BEC will still be signing your clients on as additional insureds under its policy as discussed in our prior emails. Hopefully this works and we can get this step wrapped up and moving forward. Thank you.

Sincerely,

Michael Lebow

Jim,

To better clarify the policy which will include your clients as additional insureds, we have made additional redline changes. Please let me know if they are acceptable or if you have any comments. Hopefully the changes address your concerns. If they are acceptable I will forward to my clients for signature. Thanks.

Dear Mr. Bates,

Attached please find BEC's General Liability endorsements. What I am trying to do is clarify whether or not this is sufficient for you and your clients. If for some reason it is not, then we will obviously need to figure out how to move forward. If this coverage language is acceptable, then I will be happy to send back the agreement with redlined changes to Section 9 which cover this policy. Thank you.

Attached are the following documents:

1. Site Access Agreement which I have REDLINED with my changes;
2. Site Access Agreement CLEAN copy which accepts all my changes.

With regard to the Agreement:

- a. I have removed EPA and WaterBoards as a signatory. I assume that SCAQMD will also not be signing. I am not clear if Clean Harbors will be signing either. Please confirm which parties will be signing the agreement otherwise they should be moved down to the last sentence of the first paragraph.
- b. Please include the information in paragraph 16 as to where notice should be sent for Devores and BEC.

Please REDLINE any further revisions. If you have any issues to discuss, please call me at your convenience.

Michael,

Regarding the draft Access Agreement prepared by your office for the site, normally we don't sign the access agreement. We ask that our agency be removed from the signature page of this agreement. Regional Board staff will be inspecting the site at the time in which on-site remedial and investigative work is being performed by others, and we will be requesting access at that time. Thank you.
